Traffic and Revenue Advisors to Successful Privately Funded Transport Infrastructure Projects in Asia since the 1980s

MVA is a world leading transport and revenue advisor to Governments, private investors, operators and financial institutions for transport investment projects. MVA has provided advice on many prestigious projects from conception to implementation and operation, including intensive support on debt financing, IPO, valuation, placement and securitisation exercises. We can link our design and forecasting expertise with operational experience to secure viable and practicable projects.
The name MVA is synonymous with successful privately funded transport / BOT / PPP projects in Asia

Hong Kong
- BOT road tunnels - Eastern Harbour Crossing,
- Tate’s Cairn Tunnel, Western Harbour Crossing and Route 3 - and Mass Transit Railways

Indonesia
- Various toll road projects in Java

Mainland China
- Numerous toll road projects and Metro Systems

Malaysia
- Kuala Lumpur LRT System, Shah Alam Expressway

Singapore
- Mass Rapid Transit Systems

Taiwan
- High Speed Rail System

Thailand
- Second Stage Expressway, Bangkok Transit System

MVA has long been associated with the development of major build-operate transfer (BOT), Public-Private Partnership (PPP) and other privately funded transport projects in Asia

Our credentials are second to none, and are amply demonstrated by our extensive client base in both the private and public sectors

Today, MVA is the leading specialist transport consultancy in Asia

As Transport & Revenue Advisors, we provide key inputs to all stages of a BOT / PPP scheme from conception to implementation and operation
